"Orchidhaven" Spring List May, 1954

ORCHIDHAVEN plants enjoy widespread acclaim for their natural vitality. Scientific knowledge and practical experience at ORCHIDHAVEN are combined in selecting parents with maximum vigor and growing strength. From every part of the world, we hear from growers who are delighted by the unusual number of flowerings on a single stem. Our files contain enthusiastic letters from satisfied customers who compliment ORCHIDHAVEN HYBRIDS for *fine growth, productivity, and seasonal blooming* as well as for *color, texture and size*. This list contains full information about exciting new crosses and established favorites.

We ship our plants to every part of the United States and its possessions, Canada, Central and South America, Cuba, Puerto Rico, West Indies, England and the Continent, Philippine Islands and Siam. Packing is free of charge and prices are F.O.B. Bergenfield, N. J., in U. S. Dollars.

Cross No.	Name, Parentage and Description	Size	Each
593	Lc. Arthur Patterson (Lc. Princess Margaret #2 X Lc. Oliver Lines) This is a remade cross made with the same original Lc. Princess Margaret #2 X Lc. Oliver Lines. Chromosome count was made by Cornell and all of the seedlings counted were tetraploids. The plants which have bloomed out of the earlier lot have been very outstanding. The color is dark and growth very strong. Size is large with very good form. Flower texture is extremely heavy. Season of bloom is June.	2½" Pots	\$ 5.00
		3" Pots	\$10.00
594	Lc. Harold J. Patterson (Lc. Princess Margaret #2 X C. Charybdis) Earlier outstanding success prompted us to remake this fine hybrid with the same original parents. Chromosome count of this particular cross has been made and the results were part of the seedlings are triploids and part are coming through tetraploids. This count was also made by Cornell. Season of bloom is May and June. The flowers are large with heavy texture. Blooms are well shaped and dark in color. We refer you to our ad in the American Orchid Society Bulletin of May 1951.	2½" Pots	\$ 5.00
		3" Pots	\$10.00
595	C. Memoria Pilila Camacho (C. St. Petersburg X C. Mossiae "Wagnerii") A number of years back we bloomed this particular cross and after seeing the very fine result the cross was remade with the same original parents. Flowers are very large, well shaped and of heavy texture. Blooms are outstanding because of their extremely heavy substance. Flowering season is April, May and June making it a very favorable hybrid for Easter and through the wedding months.	2½" Pots	\$ 5.00
		3" Pots	\$10.00
602	Lc. Alfred J. Proebstle (Lc. Windermere "Variety Orchidhaven" X Lc. Princess Margaret #2) Two outstanding and very much proven parents have been used to execute this excellent cross. This cross is also a remake of an earlier and very small batch which bloomed only recently. Flowers are fine, well shaped, heavy textured and dark in color. Flowering season is late winter and early spring.	1¾" Pots	\$ 3.00
		2" Pots	\$ 4.00
		2½" Pots	\$ 5.00
605	C. Enid Alba (C. Mossiae "Reineckiana" Young's Variety X C. Gigas "F.M.B.") We have again remade this outstanding White Colored Lip. We have been making this cross for years using the same parents. The results have always been very uniform. It must be remembered that this is one of the strongest growing and most prolific White Colored Lip Hybrids in existence. Season is December to April.	1¾" Pots	\$ 3.00
		2" Pots	\$ 4.00
		2½" Pots	\$ 5.00

Cross No.	Name, Parentage and Description	Size	Each
610	Lc. George Baldwin (C. Enid "Variety Orchidhaven" X Lc. Princess Margaret #2) Little need be said of this outstanding hybrid. It is certainly part of most any collection. We have re-made this fine cross with parents which have been used several times here at Orchidhaven, namely; C. Enid "Variety Orchidhaven" (tetraploid) X Lc. Princess Margaret #2. Results from this particular cross have been very uniform in the fifteen times we have repeated it. Blooming season is May through December.	1¾" Pots 2" Pots 2½" Pots	\$ 3.00 \$ 4.00 \$ 5.00
625	Lc. Hertha "Variety Orchidhaven" X Lc. Princess Margaret #2 We have used our very excellent Lc. Hertha and our Lc. Princess Margaret #2 which should produce a very outstanding hybrid. Color expected is dark, shape should be fine as both parents are very well shaped. Season of bloom should be spring. Our quantity in this cross is very limited.	1¾" Pots	\$ 3.00
626	C. Enid Alba (C. Mossiae "Reineckiana" Young's Variety X C. Gigas "F.M.B.") Please refer to Description Under #605.	1¾" Pots 2½" Pots	\$ 3.00 \$ 5.00
627	C. Dorothy Mackaill X C. William B. Olsen The need for a Pure White Orchid for Easter and the wedding season prompted us to make this particular hybrid of two fine whites which have bloomed for us for a period of seven or eight years. Both are extremely strong growers and the progeny should certainly yield fine textured, excellent Pure White flowers. We have this cross in a limited quantity.	1¾" Pots 2" Pots	\$ 3.00 \$ 4.00
630	Lc. Oliver Lines X C. R. Cadwalader Two highly colored strong growing dark hybrids were used to execute this cross. We expect fine colored June blooming hybrids of this particular union. Both parents are extra strong growers with heavily textured, well shaped flowers.	1¾" Pots 2" Pots 2½" Pots	\$ 3.00 \$ 4.00 \$ 5.00

We have many very fine Hybrid Plants in 5-inch pots and up of excellent varieties. Write and tell us what your needs are in the larger sizes and we will be very happy to send cross data and prices.

Non-Warranty: We, H. Patterson & Sons, Orchidhaven, give no warranty, express or implied, as to the productiveness of any of the plants we sell and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of these plants.
